

ZHENG ZHENXIANG: THE FIRST FEMALE CHINESE ARCHAEOLOGIST

THERE WAS ONCE A YOUNG GIRL NAMED ZHENG ZHENXIANG. SHE WAS FASCINATED BY HISTORY. WHEN SHE GREW UP, SHE LEARNT ALL SHE COULD ABOUT THE SHANG DYNASTY.

THE SHANG DYNASTY WAS AN EXCITING TIME, FILLED WITH RICHES AND ADVANCEMENTS IN MEDICINE AND ARCHITECTURE.

ONE DAY, ZHENG ZHENXIANG CAME TO BELIEVE THAT THERE WAS A ROYAL TOMB OUTSIDE OF THE VILLAGE OF XIAOTUN.

SHE TRIED TO FIND THE TOMB ANYWAY.

AND AFTER DIGGING AND DIGGING, ZHENG ZHENXIANG FOUND A GLITTERING JADE PENDANT.

AND AFTER DIGGING AND DIGGING AGAIN,

SHE DISCOVERED THE TOMB FILLED WITH THOUSANDS OF ARTIFACTS MADE OF BRONZE, JADE AND SHELL.

BUT WHO DID THIS TOMB BELONG TO?

IT SOON BECAME CLEAR SHE DISCOVERED THE TOMB OF LADY FU HAO. HER NAME COULD BE FOUND ALL OVER.

LADY FU HAO WAS FAMOUS THROUGHOUT HISTORY! SHE WAS...

A WIFE TO AN EMPEROR AND HIS MOST TRUSTED PERSON.

A PRIESTESS CONNECTING THE PEOPLE TO THE GODS.

AND SHE WAS A WAR GENERAL.

PLANNING, FIGHTING AND LEADING BATTLES.

THIS DISCOVERY BROUGHT THE STORY OF LADY FU HAO TO LIFE, GIVING HER A PLACE IN HISTORY AMONGST OTHER EMPERORS, PRIESTS, AND WAR GENERALS.

AFTER ALL ZHENG ZHENXIANG'S HARD WORK AND DISCOVERIES SHE IS NOW KNOWN AS THE FIRST LADY OF CHINESE ARCHAEOLOGY.

AND WHO BETTER TO UNCOVER THE TOMB OF AN ANCIENT FEMALE GENERAL THAN THE FIRST LADY OF CHINESE ARCHAEOLOGY?
